

PREVENT T2

A PROVEN PROGRAM TO PREVENT OR DELAY TYPE 2 DIABETES

2021 Class Begins:

Wednesday January 13 at 11:30-12:30 (English)

Tuesday January 12 at 5-6pm (Spanish)

**Have you ever been told
by a healthcare
professional that you:**

- Are at risk for getting diabetes?
- Have a BMI over 25?
- Have borderline diabetes?
- Have a high blood sugar or glucose?
- Had gestational diabetes?
- Have a family member with diabetes?

**You May be at a high risk
of type 2 diabetes, but
there is something you
can do about it.**

The Centers for Disease Control and Prevention's diabetes prevention program, Prevent T2© can help you make a change for life.

This program will help participants learn how to change their lifestyle to prevent type 2 diabetes. Participants will learn to make changes in eating habits, increase physical activity and reduce stress in one's daily life.

Group meets for 16 weekly sessions and monthly follow up sessions with trained Lifestyle Coaches.

**Sign up today for this FREE
program and make a change
for life!**
