

Our Impact!

24
25

When we celebrated our 50th Anniversary two years ago, we challenged ourselves to look toward the future – to imagine, to dream, and to envision endless possibilities . . . and we have done just that! This past year has been filled with great opportunities to further our mission, placing the health of our community and equitable access to care, as our priority. We have continued to adapt, to change and evolve, striving to provide easily accessible care regardless of age, income, or insurance status.

Our Community

“ Amazing service! So caring, helpful and accommodating!”

“ I want to emphasize the dignified and personalized treatment from the staff.

Congratulations to the team for excellent service!”

“ I have gotten WIC benefits for 3 grandchildren that I have raised and have always been very satisfied and grateful for the WIC staff and services.”

Lebanon Family Health Services serves

35%

of our city's population.

37,000

visits provided to over
14,000
individuals last year!

WIC (Women, Infants & Children)

Lebanon Family Health Services' WIC Program celebrated its 45th year of helping low-to mid-income families in Lebanon County improve their nutritional health.

50%

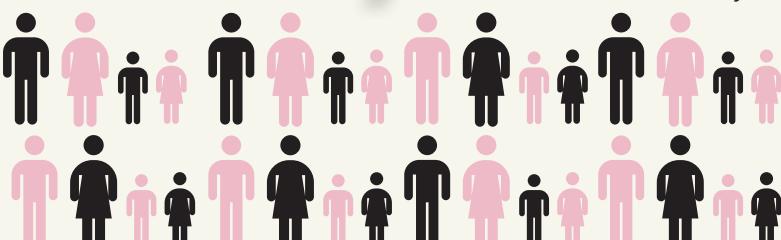

of all newborns in Lebanon county are enrolled in WIC

Lebanon Family Health Services provided over

28,000
